

TOWEL VEND-LOCKER

REDUCE YOUR TOWEL LAUNDERING COSTS BY UP TO 80% IN AN INSTANT

Vend-Locker is a unique and innovative electronic towel vending locker system. Vend-Locker can be programmed in a number of ways, for example VIP users can be issued with a payment override pin code or the system could be used to charge visitors / societies only. Towels are easily re-loaded and the system offers complete accountability and control of towels being issued. The Vend-Locker system is suitable for a variety of sites (eg hotels, golf clubs, leisure clubs, water parks, tennis clubs etc) who wish to reduce towel laundering costs in an instant and/or generate a further revenue stream for the club.

VEND-LOCKER CAN BE USED IN 3 WAYS:

- OPTION 1: CONTROL TOWEL USAGE ONLY & REDUCE YOUR TOWEL LAUNDERING COSTS.** By using Vend-Locker to dispense towels, users will be restricted to 1 towel per person which will instantly reduce the quantity of towels being laundered whilst still offering a complimentary towel service to members.
- OPTION 2. CONTROL TOWEL USAGE & GENERATE REVENUE TO COVER YOUR REDUCED TOWEL LAUNDERING COSTS.** By using Vend-Locker to control towel usage and charging a nominal fee to cover towel laundering costs, clubs can instantly recover towel laundering costs.
- OPTION 3. CONTROL TOWEL USAGE, GENERATE REVENUE TO COVER YOUR REDUCED TOWEL LAUNDERING COSTS PLUS GENERATE ADDITIONAL REVENUE FOR YOUR CLUB.** By using Vend-Locker to control towel usage and charging a premium fee, clubs can recover towel laundering costs while also generating additional revenue for use within the club.

FEATURES

- Stand alone units which can be expanded as demand increases (Networking not required)

- Rapid Return of investment (depending on towel usage / fee being charged by club)
- Designed and manufactured in Ireland
- Fully Recyclable
- Annual maintenance contract available - Nationwide
- Patent Pending
- 12 Months Warranty

LUCAN GOLF CLUB – TESTIMONIAL

TOWEL DISPENSER A MAJOR SAVING FOR GOLF CLUBS

"We all know anything for free is seldom appreciated and indeed very often misused" With the introduction of the Towel Dispenser the Club now charge €2 per towel but the usage will drop by a staggering 80% i.e. a saving of 80% of current laundering costs.

In 2012 towel dispensing will show an income of 40% of the original laundering costs. The capital costs of the dispenser units will be recovered in 1 to 2 years while still providing a full towel service to both members and visitors.

The units are slim and tidy occupying very little space and very user friendly with a complete audit of all transactions
"An essential asset for all golf clubs"

Francis Duffy
 Manager (Lucan Golf Club)
